in one highly organized burst of enthusiasm. Volunteer executives, housewives, secretaries, plumbers, painters (even some carpenters), etc., etc. have turned master builders for the weekend to construct the new Robert Leathers-designed playground under the direction of Dana Cavanaugh (center on cover) who circulates from work group to work group with words of direction and diagrams drawn on scraps of paper. In the beehive of coordinated activity there is a purpose and energy that belies the pick-up type of skills available to the task. Out of the seeming confusion of 200 or so people in furious activity an orderly progress emerges as a finished product of impressive proportions. The idea which began in the

Selectmen's Meeting

OCTOBER 9, 1985 - by VIRGINIA ARRAL

SMALL STRIP OF LAND CAUSES CONTROVERSY

In response to Selectmen's letter of concern regarding the condition of the property abutting the town wharf controlled by the Mattapoisett Land Trust, Inc., George B. Mock, III, president of the Land Trust, wrote, "the feeling of the Trust is that the condition of the property should not be of serious concern to the Selectmen and the Town of Mattapoisett".

Mock repeated his February 19, 1984 explanation by Jeff Benoit, a coastal geologist with the Massachusetts Office of Environmental Affairs. Benoit, at that time, agreed the seawall has lost its structural integrity allowing for erosion. However, Benoit concluded the resulting erosion is not significant and has not damaged the property.

Mock said it is the opinion of the Trust that the property be left alone and be allowed to exist in its natural state. He wrote, "We found upon inspection that Hurricane Gloria caused no significant erosion or damage to the property." Mock said the Trust based its decision on two factors: 1) The erosion is not creating a problem for the wharf area or harbor since the amount of sediment being washed out is minimal. 2) The expense to repair the wall

would be very large and would give no guarantee that the erosion would not start all over again. Mock concluded saying he would be happy to meet with Selectmen at any time to discuss the subject.

Selectman James Huntoon commented "we are going to have to continually watch the situation. I firmly believe we may have to take steps so the town will be in control. I personally don't think it's beautiful, it's all full of weeds and right in the center of town.

The board agreed to view the site again and contact Town Counsel Donald Fleming on how to proceed with the possibility they may have to put the matter in an article for town meeting.

In other business, Selectmen:

READ A COMMUNICATION from Steven Mach, Harbormaster, which reads in part, "After being Harbormaster for only a few short months, the idea of facing a major hurricane was not on my list of top ten things I wanted to do; however, Gloria didn't leave much choice. Looking at the harbors of Marion, Mattapoisett and Dartmouth after the storm, it happens that Mattapoisett was the best prepared before, during and after the storm.

"I would like to take this opportunity to recognize some of the people who helped out in and around the harbor:

Tommy Brownell and the crew of Brownell Boat Works for pulling boats out of the water in record time.

Ben Fairweather and crew of B.F. Boats for bringing in, demasting and helping pull many of the boats that came into the wharf.

Branigan's Restaurant for sending lunch to the crew of Brownell Boat Works Thursday before the storm.

Chief James Moran and the Mattapoisett Police Department for assistance in traffic control on Main Street and at the Wharf.

We "Unlock" The Mystery Of Generic Drugs

WHAT ARE GENERIC DRUGS?

Generic drugs are a low-cost, effective alternative to brand name prescription drugs. When a new drug is introduced, the manufacturers obtain a trade (brand) name which they can copywrite for their exclusive use. Once the patent expires, other licensed manufacturers can then produce that drug under its "generic" name and market that drug at a much lower price.

WHY DO GENERIC DRUGS COST LESS?

Because the generic manufacturer does not have to cover original expenses for research development and advertising, they can afford to sell their products for much less.

ARE ALL DRUGS AVAILABLE GENERICALLY?

No, only about 25% of the drugs marketed today are available in a generic form. The rest are still under patent. The number of items available in generic form are growing daily. Ask your pharmacist which generic drugs are available today.

WHAT ABOUT QUALITY?

The Federal Government has all manufacturers meet standards for quality and good manufacturing practices.

HOW DO I OBTAIN GENERIC DRUGS?

Just ask our pharmacist!

Thank You

The Mattapoisett Firefighters' Auxiliary wishes to take this opportunity to thank the following merchants: Mr. Meat, A & P, Seaport Pharmacy, Cumberland Farms, and Curtis' for their help in keeping us in food and supplies during our three day and two night stay at the fire station during Hurricane Gloria.

An extra special THANK YOU goes out to Nick's Pizza who opened on Friday night of the storm and supplied us with pizzas.

We are most grateful to all those people and any we may have forgotten to mention for their time and generosity.

Due to this generosity, we were able to serve an endless supply of food and coffee to not only our own Firemen, but also to the police, highway, power crews, water department and anyone else who came into the station during the storm.

With grateful thanks,
Mattapoisett Firefighters' Auxiliary

Marion Auction

The Marion United Methodist Church will hold a consignment auction on the church grounds on October 19th, beginning at 10:00 a.m. The auction will be moved inside in the event of rain. The public may preview the auction items starting at 9:00 a.m. The Rev. Ben Briggs, the church pastor and experienced auctioneer, will conduct the auction.

The auction will include many antiques and household items from two local homes, redwood lawn furniture, gift certificates and many more items still coming into the church.

If you have good and salable items that you no longer need, why not consign them to the auction and let us sell them for you. You will be helping the church and yourself at the same time. For details call 748-0523 in Marion or 995-1370 in Acushnet.

Come to the auction, enjoy yourself, get some bargains and have a delicious lunch at the church snack bar!

FUEL ASSISTANCE AND WEATHERIZATION-1985-86

Applications for Fuel Assistance and Weatherization will be available at the Council for Aging Office in the Mattapoisett Town Hall on Thursday, October 24th, during the hours of 9 a.m. to 12 noon. As in the previous years, help will be available for completing the forms. Homebound applicants may telephone the PACE office in New Bedford and ask for Ms. Damary Rosa who will be handling such applications.

Applicants will be notified within 30 days from the date the application is complete of their acceptance. The maximum allowance is $750. for the heating season with the first bill eligible for payment being the bill received in November. The eligible time period for heating is October 1st to April 1st and only unpaid bills are eligible for assistance.

Emergency applications may be made beginning October 15th at the New Bedford North End Community Center, 360 Coggeshall Street, Monday to Thursday, 9 a.m. to 4 p.m., and on Monday only from 5 to 7 p.m. An emergency exists when the applicant has less than 1/8 of a tank of fuel on hand or has a shut-off notice in hand.

The weatherizing program has the same eligibility rules as the fuel assistance program and may provide up to $2,000 per household for storm windows, insulating, weatherstripping and similar work. If the

Rochester Council on Aging

A VERY SPECIAL LADY

Delma Jacques is a very special lady. Since 1974 Delma has presided over our Council Office providing information, outreach, support and assistance to all who called upon her.

Del started as a senior aide as part of the Mass. D.E.A. and when a regional office was instituted she had no difficulty transferring first to the YWCA and then to Coastline Elderly Services.

Each council president has relied upon her dependability and expertise and she welcomed the new director with the same cooperative manner.

It was Del who presided over the first council office, sharing a desk with the town accountant. Finally, she had her own desk, then a telephone, and at last a council office.

Del is a very busy lady, not only with club work, but with her sister, daughter, four grandchildren and four great-grandchildren. Her hobbies include handcrafts and ceramics, with holiday decorations as her specialty.

When Del was asked to explain her suc-

To The Editor

We have now become Florida residents, but we'd like to say thanks to all our friends in Mattapoisett for our many good years there. Special thanks to those in the Town Hall who helped us in so many ways, particularly Town Clerk Lois Ennis; and to the patient members of the police force, especially Chief Jim Moran and his brother Donald, Bill Simpson, Stan Ennis and Officer Piva. We are particularly grateful to Manny Nunes, also, for his friendly and helpful attitude, and George White and many others. We'll miss Bob Clarkson at the Chowder House (and waitress Paula) and all the friendly people at other restaurants and stores. We'll miss the Mattapoisett

Put your fuel oil bill on a diet!

Have us install a new Weil-McLain 66HE oil boiler in your home, and you could cut your fuel oil usage by as much as 40%, depending on the age and efficiency of your present boiler. The 66HE boiler —which operates at an impressive 82% efficiency—squeezes more heat out of every gallon of fuel oil. And Weil-McLain's 100-year reputation for quality and reliability assures you years of dependable comfort.

We can help you use less fuel oil next winter with Weil-McLain. Find out if you have an inefficient fuel waster in your home. Call us today. Our boiler inspection is free. No obligation.

nizing the dangers of accidents, miscalculations, escalation, or actions and motives by the "enemy", and terrorist activities, Dr. Ury formulates a positive plan designed to defuse possible crisis situations. He outlines a blueprint for a "crisis control center" located in both Washington and Moscow, staffed by experts and linked by tele-conferencing. The goal - to help each side understand the other's actions and intentions. He proposes joint cabinet-level talks and in-depth briefings for the President. He outlines emergency safety procedures should a crisis develop, such as The Incidents at Sea Agreement, already in existence.

Come to the October 23rd general membership meeting of the Marion/Mattapoisett Area League of Women Voters to learn more about this positive movement for maintaining peace and what you can do to promote it. The meeting will be held at the home of Debra Blanchette, 46 Holly Pond Road, Indian Cove, Marion. For additional information call Muffy Marlio, 748-2483.

Auction of Deniz Property

GOING! GOING!! GONE!!!
by VIRGINIA ARRAL

The auction held Saturday, October 5th, by the Town of Mattapoisett to dispose of the property at 63 Church Street (known as the Deniz property) that was taken for taxes brought a hefty sum to the coffers of the town's general treasury. There were 22 potential bidders who registered before the auction with Selectmen's Executive Secretary, Carol Adams.

James Davidian of 162 Central Avenue, Milton, Mass. was the successful bidder at $115,000 for the eight-room and 30,415 square feet of land (more or less), with a 202 foot frontage on Church Street. Davidian gave no indication of his immediate plans for the property. He was heard to say, "my wife likes the house". The Davidians have a summer home in Marion.

The bidding started out slowly, then heated up as Daniel Sullivan of Fairlawn Mortuary in Fairhaven and Mr. Davidian

exchanged bids over $100,000, leaving behind other bidders. Auctioneer Hartley Fell goaded Sullivan to raise his bid "just $100. more" to top Mr. Davidian's $115,000, but Sullivan decided to stop at $113,500.

ONE SIDE OF THE FRONT YARD IS FILLED WITH POTENTIAL BIDDERS AND ONLOOKERS AT THE OCTOBER 5th TOWN AUCTION OF THE DENIZ PROPERTY AT 63 CHURCH STREET. CAROL ADAMS, SELECTMEN'S EXECUTIVE SECRETARY, IS SEEN IN THE CENTER TAKING NAMES AND GIVING OUT NUMBERS TO REGISTERED POTENTIAL BIDDERS. DANIEL SULLIVAN, ONE OF THE LAST TO DROP OUT OF THE BIDDING, IS SEEN IN THE LEFT OF CENTER.

Town Counsel Donald Fleming explained to potential bidders the description of the property, rules for payment and conditions

Here's how Chiropractic treats
Arthritis

Arthritis is an acute or chronic inflammation of one or more of the joints of the body. The inflammation may involve some or all of the structures entering in the formation of the joint—the bones, the cartilage, the membranes, muscles, etc.

Chiropractic approaches arthritis from a cause standpoint. It is directed to the restoration of normal nerve function; allowing the natural healing processes of the body to operate, by means of spinal adjustments.

Your doctor of chiropractic has the training and experience to treat arthritis and relieve the discomforts of the condition. Under chiropractic care, many conditions can be relieved.

for ownership. Fleming said the building is being sold as is, with no warranty that it is habitable. In face, he said, the building inspector has determined it cannot be occupied until an occupancy permit is obtained. The bidding had to start at a minimum of $45,000 and the successful bidder would have to put down ten percent of the final price and pay the balance in 30 days, at which time the town will give a quitclaim deed. If the purchaser cannot obtain a mortgage because of the title defection his money will be returned.

The executive secretary said the town acquired the property when it was taken in lieu of taxes. After going to Land Court in 1983 the town was awarded the property, and with the custody could dispose of it as they wished after one year.

The final stipulation was that the premises must be hooked up to the sewer and water lines by June 30, 1986. The new owner will have to pay the sewer tax and tie-in over and above the $115,000, estimated at $1,000.

A Christmas Carol

Poor Bob Cratchit! Played by George Murphy, music teacher and band director of the the Old Rochester Regional Junior and Senior High School. Few families could survive on the meager crumbs that Ebenezer Scrooge doles Bob. His tired, long suffering wife, Carolyn Wingate, Administrative Aide at the Junior High School, and their cheerful but sickly son, Tiny Tim, is played by Old Hammondtown 4th grader John Drury.

Tickets for the CHRISTMAS CAROL scheduled for the weekend of December 13, 14 and 15 will go on sale at all District Schools soon.

HOSTS DAYLILY SALE

Heritage Plantation of Sandwich will host a Daylily Sale on Saturday, October 19th. The plants will go on sale at 9:00 a.m. for members and from 10:00 a.m. through 4:00 p.m. for the general public. It is the first time that these hybrid lilies have been sold by the Museum.

The daylilies will be named and identified for color and will cost $5. per two fans. All colors will be available but sales will be on a first-come, first-serve basis.

The Museum is famous for its large collections of daylilies and is pleased to finally offer the public a chance to purchase these plants.

Proceeds from the sale will benefit Heritage Plantation's Horticultural Department.

Heritage Plantation of Sandwich is open to the public through October 27th. A Shaker Round Barn houses the Museum's automobile collection of 34 mint and vintage antique cars. Ongoing exhibits include "Prints and Playthings" in the lower gallery of the Round Barn, "Armor and Arms" and "American Ancients" plus antique firearms and 2,000 military miniatures in the Military Museum; as well as the major seasonal exhibition, "Young America: Children and Art" in the Arts and Crafts Building.

Also, not to be missed, there are 76 acres of gardens and trails, a windmill, a work-

Lloyd Center

E.P.A. GRANT: BUZZARDS BAY

The Lloyd Center for Environmental Studies has been awarded a grant from the Environmental Protection Agency of $45,000 which is for a comprehensive public participation program and to develop base-line maps of Buzzards Bay. The grant is part of the Buzzards Bay Project, a program of the EPA to study and determine the steps necessary for the wise management of many coastal resources in the Bay. Emphasizing water quality, the E.P.A. project is part of a national effort to study and manage estuaries.

The E.P.A. Buzzards Bay Project, funded at $500,000 for 1985-86, is part of a $4,000,000 effort which will also study Puget Sound, Long Island Sound and Narragansett Bay. Each project has a component of public education, involvement and input into the direction of the project, the research which is needed and the formulation of management objectives for the future. The Lloyd Center is developing a variety of programs and publications which will involve the public in this project.

MARION $189,000.

A surprisingly spacious Cape with four bedrooms, 2 1/2 baths. Country kitchen with bay window opening to a family room with beamed ceiling and fireplace. Large master bedroom suite. Deck overlooking private back yard. Great neighborhood near boating, swimming, golf and tennis.

According to Dr. Alan Hankin, Executive Director of the Lloyd Center, "this grant is a major opportunity and program for the Center. As a conduit and liaison between the research community, resource managers, state and federal agencies, local government and the general public, we will be fulfilling the Lloyd Center's mission of education about research and protection of our coastal environment. We are very pleased and excited about the grant, our first Federal funding."

The Public Participation Program has been funded at $35,000 for this year. These funds will allow the Lloyd Center to prepare a Newsletter on Buzzards Bay and the Project which will be distributed free around the Bay from Cuttyhunk to Westport bi-monthly beginning in November. Also, the Center will be producing the First Annual Buzzards Bay Report, a summary report of the Project, research work occurring in the Bay and other items of import and interest regarding the Bay.

Other aspects of the Public Participation Program will be a series of workshops on shellfish bed closures, sanitary surveys, local by-laws and other areas of common concern around the Bay. These workshops will be held beginning in the winter, and will take place in the New Bedford area and Cape Cod. The Lloyd Center will also serve to coordinate and implement the activities of the Project's Citizens Advisory Committee, including public presentations on the Project, slide shows, and a workshop on a major focus of first year research, Buttermilk Bay.

The remaining $10,000 of the Lloyd Center grant is for a base-line mapping project. These maps, for use by local resource managers and others, will be the working maps for everyone studying the Bay area. A series of maps will allow for future compilation of information on coastal resources such as changes in shellfish bed closures, toxic contamination and other threats and uses of the Bay as they evolve. The Center will be

larger symphony orchestras but require more players than those written for small chamber ensembles.

This tour, their program includes Symphony No. 1 in E flat major by Mozart, Concerto for Piano and Orchestra in D minor by J.S. Bach, Adagio for Strings by Samuel Barber, Little Suite for Strings, Op. 1 by Carl Nielson and Symphony No. 44 in E Minor ("Trauersinfonie") by F. J. Hayden.

The 18 member orchestra, formed in 1980 by Andre Prieur, consists of a string section with a carefully blended woodwind section. Enhanced by the combined talent of Guest Piano Soloist John O'Connor, The New Irish Chamber Orchestra succeeds in reaffirming itself as an engaging and disciplined ensemble that holds its own alongside any chamber orchestra in Europe.

John O'Conner is himself a pianist of international standing who came to prominence upon winning the International Beethoven Competition in Vienna in 1973 and then being awarded first prize in the distinguished Bosendorfer Competition two years later. Mr. O'Connor undertook his first tour of Japan in 1970, a country that has extended several return invitations. The rave reviews continued when he made his New York debut at Lincoln Center. Since then he has toured the Soviet Union, the Orient, and recently debuted in Washington, D.C.

The Zeiterion Theatre and AT&T continue the Greater New Bedford Concert Series with Philharmonia Hungarica with Andre Bernard Conductor, Soloist on January 29th. On March 1st the legendary Hungarian Pianist Annie Fischer will perform, and on April 19th one of today's most popular chamber ensembles, Tashi.

Tickets for The New Irish Chamber Orchestra with Proinnasis O'Duinn Conductor are available at the Zeiterion Theatre Box Office. Ticket prices are $12., $10. and $8. with a $2. discount for senior citizens and children ages 12 and under.

sent The Chinese Magic Revue of Taiwan, a magical revue consisting of the sensational Chinese acrobatics, comedy, balancing feats, Kung-fu, Chi-Kung and more.

This season, the revue has been expanded to include dancers from Thailand, Korea and China, as well as the fascinating Chinese Action Opera and the Korean drummers.

More an art than a series of stunts, the training for the members of the Chinese Magic Revue begins at the age of four or five, at which point the observation of other family members performing the arts has already taught them much. There are three schools for the arts in Taipei: Dance, Chinese Opera and Acrobatics. The children spend four hours a day going through their paces and by the time they reach the age of fourteen to fifteen, the arts are a part of their daily lives as they work to achieve perfect harmony between mind and body - a harmony that has been part of the Chinese culture for over two thousand years.

In the past ten years, The Chinese Magic Revue has toured the world astounding audiences with their feats of balance and demonstrations of ancient Oriental Arts. Introduced in this country by Liberace in Las Vegas, the troupe has been seen on "Merv Griffin", "Dinah", "Mike Douglas", and more recently, "That's Incredible".

The Chinese Magic Revue is the first performance of the Merrill Lynch International Series. The series continues on March 16th with Marcel Marceau, the most famous panto-

Coming to Zeiterion:

AN EVENING WITH CHUCK MANGIONE

On Tuesday, October 29th, the Zeiterion Theatre and Freestone's join in bringing to New Bedford one of today's favorite and best known jazz artists, Chuck Mangione. An Evening With Chuck Mangione will be presented live, on stage for one performance only at 8:00 p.m.

Mr. Mangione's career has taken him from Rochester, New York, where he was born and raised, to concerts around the world. He has gathered 14 Grammy nominations during his career, winning his first Grammy Award in 1976 for "Bellavia", an album he dedicated to his mother. He also won a Grammy in 1979 for his now famous "Children of Sanchez".

"Chase the Clouds Away", from the album by the same name, was used as background music during the telecast of the 1976 Olympic Games, and in 1980 his composition "Give It All You Got", which was commissioned by ABC Sports and used as the theme song for the Winter Games at Lake Placid, won him an Emmy Award. "Feels So Good", recorded in 1977, reached the top 40 charts everywhere and remains a favorite of his fans, performed by other artists and orchestras throughout the world.

Of all his honors, Chuck Mangione states, "...I feel my music is very visual; it needs to be performed live to be appreciated to the fullest...My purpose is to play the music I believe in and hope there are enough people out there to keep me alive doing it."

Chuck Mangione recently received the Best Jazz Brass Award in Playboy Magazine's 1985 Music Poll; Atlantic City Magazine

PREPARES FOR HOLIDAY ENTERTAINING

Courses offered at Bristol Community College can get you ready for holiday entertaining or ethnic cooking at any time of year.

The Division of Continuing Education at Bristol Community College will offer one to three night non-credit cooking classes this fall to teach the preparation of Thanksgiving and Christmas desserts, Danish pastry, and Italian, Oriental and French dinners. All classes will be taught by the College's culinary arts faculty, and all participants (and in some cases, their guests) will enjoy the fruits of their labors at the end of class.

Classes, all offered at the Elsbree Street campus, include:

Prepare and Share. Register for one, two or three sessions to learn how to prepare a complete ethnic dinner from appetizer to dessert. Participants will learn while they prepare the meal from 6:30 to 9 p.m., which will then be served to them and their guest. Prepare and share dinners are Italian, October 25; Oriental, November 8; and French, December 6. Registration, which includes all materials, is $35. each evening, plus a $6. registration fee.

Holiday Cakes and Cookies. A wide selection of Thanksgiving and Christmas desser will be demonstrated in this three night class, and students will prepare and decorate various holiday items. The class will

Permits Sought

FEDERAL PERMIT SOUGHT FOR FAIRHAVEN MARINA EXPANSION

Shipyard Associates Realty (Fairhaven Shipyard, Inc.) is seeking permission from the New England Division, U.S. Army Corps of Engineers, to expand an existing marina in the Acushnet River at Fairhaven, Massachusetts. The expansion would include construction of a timber pier, timber ramp, timber floats and concrete floats and the placement of piles. The facility's capacity would increase from 52 slips to 119 slips.

The application for the federal permit was filed with the Engineers in compliance with Section 10 of the Rivers and Harbors Act of 1899 which provides for federal regulations of any work in, under or over navigable waters of the United States.

To assist in evaluating the proposed expansion, the Engineers are soliciting public comments. Written statements should be forwarded to their office no later than November 4, 1985. Additional information may be obtained by contacting Karen Adams at the New England Division, U.S. Army Corps of Engineers, 424 Trapelo Road, Waltham, MA. 02254; telephone 647-8492; toll-free, 1-800-362-4367.

FEDERAL PERMIT SOUGHT FOR WAREHAM DOCK

Frank Nuovo and Donald Angus are seeking permission from the New England Division, U.S. Army Corps of Engineers, to construct a commercial docking facility in Cohasset Narrows at Wareham, Massachusetts. The facility would include a 6 x 48-foot timber pier, a 5 x 15-foot timber ramp and a 6 x 132-foot pile-held timber floating walkway with five 3 x 24-foot floats on each side. In addition, approximately 350 cubic yards

TAX PLANNING AND TAX REFORM:
WHAT MOVES CAN YOU SAFELY MAKE?

From the Massachusetts Society of Certified Public Accountants, Inc.

Nobody knows if a tax reform bill will be adopted by Congress, much less exactly what changes in tax rules would be brought by tax reform. But according to the Massachusetts Society of CPAs, taxpayers can find ways to cut their tax bills by examining the proposed tax reforms and making some contingency plans.

"There are some financial steps taxpayers can safely take now to lower a 1985 tax bill and prepare a tax strategy for 1986 in case a reform bill is passed," says Merle Elliot, of the American Institute of CPAs' Personal Financial Planning Committee. "You have to examine what's being proposed and anticipate how it will affect your personal situation."

Here's an explanation of some of the proposed rules that will affect the 30 million taxpayers who itemize deductions, along with some planning ideas.

New bracket rates are included in the reform proposals before Congress. Currently, taxpayers fall into 14 tax brackets. The President's reform plan would put all taxpayers in three tax brackets, either 15, 25 or 35 percent. If those brackets are adopted (and observers say it is the most likely bracket structure to be adopted) most taxpayers will find themselves in lower brackets.

A married couple who files jointly and has a $40,000 taxable income is currently in the 35 percent bracket, for instance. But if the President's rules are adopted, they'll be in the 28 percent bracket in 1986. (Under the President's proposal, the couple is in the 33 percent bracket until July 1, 1986, when the proposed bracket rates will become effective and lower the couple into the 25 percent tax bracket during the second half of the year.

Planning tip: Accelerate deductions into 1985, where possible, and delay income until 1986. Deductions made in 1985, while

tax rates are higher, are more valuable than they will be if a reform bill is adopted in 1986. If you follow this strategy you probably won't save millions in tax dollars, but you are almost guaranteed to come out ahead. "Even if the reform proposals are not adopted, accelerating deductions will defer tax payments until 1986," Elliott says. "Assuming your income stays about the same in 1985 and 1986, advanced deductions will almost always result in overall tax savings."

As an illustration of how timing deductions and income affects many taxpayers, look at the couple with the $40,000 taxable income in 1985. If the couple can defer $1,000 in income and accelerate another $1,000 in deductions, they'll save $80. in taxes -- assuming that the President's bracket rates are enacted. In other words, they'll save $40. for every $1,000 that can be transferred into the more advantageous year.

Here are some reminders of ways to accelerate deductions into 1985:

Pay all state and local taxes before the end of 1985, because one of the President's tax proposals would eliminate these deductions in 1986.

If there's a charitable contribution you've been thinking about, now may be the right time to make it. To get the biggest tax deduction out of your contribution dollar, consider the possibility of giving away appreciated assets, such as stock.

Are you thinking about buying a car or some other expensive item? The deduction on sales tax will be eliminated in 1986. You'll need to purchase big-ticket items before the end of 1985 to ensure getting the heftier deduction.

Someone who owns a small business may want to purchase a computer or other business property in case the investment tax credit deductions are eliminated in 1986. The in-

vestment tax credit gives you a credit of up to 10 percent for the business property you purchase and depreciate.

In addition to accelerating deductions, taxpayers should find ways to delay income. This is usually harder than transferring deductible outlays. Here are some ideas:

Don't cash a U.S. Savings Bond until next year.

Consider delaying the sale of a stock until after December 31.

Time the client billings or sales commissions to arrive after 1985.

The decision to make some financial moves to prepare for tax reform depends on your personal tax picture and how strongly you feel that a reform bill will be adopted. As CPA Elliott says, "Timing deductions and income has always been an effective tax strategy. But it will be a lot more effective if these reforms are adopted."

SHAKESPEARE FOR YOUTH WORKSHOP AT PBT

Shakespeare's life and works are the exciting topic for Priscilla Beach Theatre's Children's Theatre's next fall workshop for youths (ages 10 through 19), October 28 - November 30, on Mondays, 4:30 to 6:30 p.m. and Saturdays, 1:00 to 3:00 p.m. For registration and further information students may call the theatre at 224-4888.

This special workshop, led by noted Shakespearian Director and PBT Producer Anne Joelle, will explore the different elements of Shakespeare's Theatre: his stage, costumes, style of writing, acting conventions, characters and acting style, and apply them to the actual performance of the full-length comedy, "Two Gentlemen of Verona", performed at PBT on November 30th at 10:30 a.m. and December 1st at 1:00 and 3:00 p.m.

This comedy explores the meaning of true friendship and love as we are carried away by Shakespeare's ingenious hand to Italy where Proteus and Valentine learn the manners of the Italian court.

We are captivated by the relationships of 2 young Veronese boys who leave their hometowns to become "Gentlemen" in the pursuit of becoming "L'Homme Universale", the universal renassaince man who appreciates music, painting, and art. It is through the events at the Duke court of Milan that they realize the true meaning of friendship. PBT Director Anne Joelle states, "Shakespeare's works are the key to exploring and understanding England at the time of the Renaissance. The workshop's purpose is to guide young students to appreciate his work by actually re-enacting and bringing to life his greatest works. We have had children perform Shakespeare as young as 7 years old with great success and enthusiasm."

Ms. Joelle is currently implementing a grant awarded by the Institute for the Arts, Boston in "Integrating the Teaching of Shakespeare into the English Curriculum" at the Plymouth-Carver Intermediate School in Plymouth.

Youths who wish to register for this special workshop may call the theatre at 224-4888 or write PBT, P.O. Box 424, Whitehorse Beach, MA. 02381.

PBT LAUNCHES NEW TECHNICAL THEATRE WORKSHOPS

Priscilla Beach Theatre in Plymouth is receiving applications from theatre students and directors for its new Technical Theatre Workshop, October 17 - December 17, on Tuesdays from 6:30 to 8:30 p.m. and Thursdays from 4:30 to 6:30 p.m.

This workshop, led by Karen DiPalma, a graduate of Technical Theatre Design from the University of Indiana, will be guiding beginning and intermediate students of technical theatre techniques and principles of stage lighting, types of lighting instruments and lamps, construction and painting of flats and platforms, escape stairs, prop collecting, make-up, costume coordination and stage management. Each week students will apply their learned principles to an applied theatre production of "Babes In Toyland" which will be performed at the Zeiterion Theatre by PBT on December 16 and 17.

This workshop is focused on introducing and developing theatre craft skills amongst all age high technical students, community theatre directors and actors. High School students who are currently working in some capacity of technical theatre are invited to register for this special workshop. Students who would like further information may call the theatre's registrar, Helen Nickerson, at 224-4888.

PBT is a professional, non-profit school of drama which does not discriminate according to sex, religion or nationality.

Benefit Golf Tournament

9th ANNUAL PLYMOUTH SAVINGS OPEN

Plymouth Savings Bank is sponsoring the 9th annual Plymouth Savings Open to benefit the March of Dimes. The 36-hole, two day, medal-play golf tournament (2 ball - best ball) will be held simultaneously at Round Hill Country Club in Sandwich and Pocasset Country Club in Pocasset on Saturday and Sunday, October 19th and 20th.

Play is open to all golfers with men's and women's divisions being scored separately. Players will compete for $2,000 in prizes. For golfers without a MGA handicap, the Calloway system will be used.

Registration forms are available at local golf clubs or by calling the March of Dimes at 947-1519.

SACHEM Lecture Series

A lecture on Nicholas Ivanovich Lobachevsky, Russian philosopher of science, will be given at Southeastern Massachusetts University on October 22nd by Professor Charles G. Duffy of the Department of Humanities at Massachusetts Maritime Academy.

The free, public lecture, part of the SACHEM Annual Faculty Lecture Series, will take place at 3:30 p.m. in the Sunset Room in the Campus Center.

SACHEM, the Southeastern Association for Cooperation in Higher Education in Massachusetts, is a voluntary consortium of nine institutions of higher education in southeastern Massachusetts. They are Bridgewater State College, Bristol Community College, Cape Cod Community College, Dean Junior College, Massachusetts Maritime Academy, Massasoit Community College, SMU, Stonehill College, and Swain School of Design.

The SACHEM series consists of two lectures on each of the nine campuses by faculty from the member institutions.

Professor Duffy received a bachelor's degree from Tufts University, a master's from Gregorian University, and a Ph.D. from Boston University.

To raise funds to research the answer to this question, the Women's Center at Southeastern Massachusetts University is holding an auction for the public on October 18th.

During the past year the Women's Center has asked 800 women who have graduated from SMU in the last 15 years about this and other problems they encounter in the real world and how the University can help today's women students prepare. One answer might be to take computer courses and to develop more than one skill while in college, according to Debbie Enos, director of the Center. "Since single parents will work for 35 to 45 years of their lives, this strategy could enhance their job security."

The results of the research will be published in a booklet that will be distributed to all female students at SMU and also be made available to students at other colleges. The auction will make publication possible.

"We are looking for donations of any type," says Enos. "Either old or new merchandise but not clothing. They are tax deductible within the limits of the IRS ruling. We will be able to pick up all donations and store them until the auction date."

The Center counsels students on birth control, pregnancy tests, health problems, and other matters of importance to women.

Director Enos graduated from SMU where she majored in fine arts and minored in psychology.

The auction will be held at 6 p.m. in the main SMU auditorium.

Proceeds from the auction will be shared with the SMU Foundation.

For more information about donations call Enos at 999-8168.
